Dear Property Owner / Resident:

Subject: Traffic Calming – Christensen Lane

We have been working with the community of Christensen Lane to address traffic safety issues. Through this joint effort and in conformance with the Neighborhood Traffic Calming Program, we are proposing to install **Speed Humps** along Christensen Lane between Lake Chabot Road and Parsons Avenue. The attached conceptual plan indicates the location of the proposed humps, warning signs, and pavement markings.

Please be advised that sign locations are approximate and may be field adjusted during installation due to unforeseen circumstances. If you have any concerns, questions, or comments about the proposed traffic calming effort, please contact me by January 9, 2026. You may contact me by phone (510-670-5466) or by email (ginas@acpwa.org).

Very truly yours,

Gina Saechao
Assistant Engineer
